

Business Broadband Price List

Last updated Aug 2011

Prices exclude VAT. Minimum Period for Broadband is 12 months unless otherwise stated.

Definitions

Set up Fee: A one off payment required in order to activate your PSTN line for Broadband services.

Migration: The Process by which customers to move seamlessly from one broadband service provider to another with minimal interruption in service.

Service: includes but not limited to calls, call packages, Internet Services, line rental or mobile Services provided by The Phone Co-op in accordance with the Terms and Conditions.

Broadband: means Our Internet Service whereby you may gain direct high speed access to the Internet via your phone line using ADSL (Asymmetric Digital Subscriber Line) technology according to the package You have selected.

Minimum Period: means in respect of each Service the first 12 months of the Service from the Commencement Date.

Commencement Date: means the date upon which Services are first provided to the customer.

Charges: means the charges for Services payable to The Phone Co-op.

Equipment: means the hardware which is required to access any of the Services. Your equipment may be recommended or supplied by The Phone Co-op or you may purchase the equipment from an alternative supplier.

Monthly Data Allowance means the amount of data usage available on your broadband service without extra charge. We measure the total data transferred over your broadband connection, both download (receiving email, web browsing, downloading files) and upload (sending email, file sharing).

NTE: Network Terminating Equipment. The physical point in a premises that provides access to the public telephone network.

PSTN: Public Switched Telephone Network is the international term for a public telephone service, which carries analogue voice signals between connections.

Megabyte (MB): Expression used to describe storage capacity or amount of data. One megabyte is about one million of bytes/characters.

Gigabyte (GB): Expression used to describe storage capacity or amount of data. One gigabyte is about 1000 millions of bytes/characters.

Please call our Business Sales Team for confirmation of availability

Saver Packages are only available in enabled areas. Please contact Business Sales to see if our Business Saver packages are available in your area.

Some connections are subject to traffic shaping to maintain a high quality of service Peer 2 Peer (P2P) traffic is shaped so that it does not adversely affect non P2P Internet traffic. Shaped packets are slowed down, which means that transfer/streams will still work, but do so more slowly. Our network is constantly monitoring traffic levels, so the busier the network becomes, the more shaping is applied to P2P.

Business Value, Business Unlimited and Business Pro services are not subject to traffic shaping.

(a) Business Value, Business Unlimited and Business Pro services have a £40 set up fee for both set up and migration

(b) This does not apply to existing customers moving premises, changing phone lines or billing details.

(c) Broadband Special Faults Investigation is an optional service which permits customers to request a visit by an engineer to End User premises for the purpose of resolving certain Broadband faults. Where BT provides maintenance of any non-BT Network equipment (including wiring) beyond the End User NTE a charge will apply. Saver Packages only

(d) Broadband Special Faults Investigation is a service which permits The Phone Co-op to request a visit by an engineer to End User premises for the purpose of resolving certain Broadband faults. Where BT provides maintenance of any non-BT Network equipment (including wiring) beyond the End User NTE a charge will apply. This charge applies only to BT lines and additional charges may be incurred depending on the location of the fault.

(d) Charge applies in addition to Broadband Special Faults Investigation base charge where BT provides maintenance of any non-BT Network equipment (including wiring) beyond the End User NTE. BT Lines only

(e) Applies where a BT engineer is unable to access the customer's site when scheduled to visit them to investigate a fault.

Fault Repair

The Phone Co-op will provide a fault repair service. The service is free and operates during working hours 0900-1700 hours Monday to Friday excluding Public and Bank Holidays. Where a fault is reported out of normal working hours, the fault will be treated as if it has been reported at the beginning of the next working day. We will aim to respond to a fault report received before 1700 hours on one working day by the end of the next working day. We aim to respond to requests by email within 48 hours.

We will provide advice by telephone including, where appropriate, tests and checks to be carried out and, where possible, carry out diagnostic checks from our premises. If this does not diagnose or clear the fault we will arrange for an engineer to visit the customer premises.

Where the customer requests a visit by an engineer to the customer's premises to investigate a broadband fault, if the engineer provides maintenance of any customer equipment (including wiring) then a charge may apply. The minimum charge will be £110 but other module charges may be incurred.

If the visit is aborted e.g. the engineer does not gain any access then the abortive visit charge of £50.00 will become payable.

Cancellations

You may cancel the Service at any time up to the Commencement Date. You have the right to cancel within 10 working days from the date. We accept your application under the Consumer Protection (Distance Selling) Regulations.

If you terminate the Service within the minimum period (where applicable) then you must immediately pay for the rest of the charges due in the minimum period.

After the Minimum Period, You may end this Agreement by giving thirty days notice by calling or in writing to Our Business Sales. You acknowledge that termination of Your account will only be valid if You notify Us in this manner. The end date of all Services will be thirty days after the day we receive notification and you will be charged for Services during this period.

Where any Service is terminated (however that may happen) you agree to pay to Us any cease charge (as posted on Our Website from time to time) where Our Third Party Operator levies such a fee against us.

If you are changing your Service such as re-grading your broadband, ending a calling feature or changing tariff, and is not part of a termination of the account, then termination terms do not apply and the current minimum period continues.
