

Business Line Rental Price List

1st July 2011

All prices exclude VAT. Minimum Period of the service is 12 months.

Definitions

Network Termination Point. The physical point in a premises that provides access to the public telephone network.

New Exchange Line. A new line is where network wiring is needed to enable service up to the NTP (Network Termination Point).

Transfer. A Transfer is where The Phone Co-op takes over the service at a site where it already exists. This includes a previous service that has been stopped and where no network wiring up to the NTP is required to start or transfer this service.

Line Rental. Line rental covers the provision, repair and maintenance of the exchange line up to the NTP. It does not cover the replacement of internal or external wiring damaged accidentally or maliciously or due to factors within the customer premises (such as damp).

Business Line Rental (PSTN: Analogue single and multi-line)

Product	Price
Transfer fee	Free
Restart of a stopped line (number exists on the line)	Free
Migration from an LLU line	Free
New or ceased line connection (new number required)	£50
Change of number ^(b)	£12.77
Internal shift call out charge ^(c)	£90
Internal shift per line moved ^(c)	£49
External shift ^(d)	£134
Change of network terminating equipment ^(e)	£30
Missed Appointment ^(f)	£90

- a) New lines on LLU may incur a new line connection fee.
- b) The charge for change of number is additional to any transfer charge, and is limited to number changes within the local exchange area only. As a general principle when a customer asks for a telephone number to be provided at an alternative address, a Change of Number charge is made. The only exception is when the line at the new address is a new connection, in which case no Change of Number charge is made.
- c) Internal wiring is wiring from the protection box up to and including the first (main) socket, block terminal or other network terminating point. Total cost for a single line moved is the call out charge plus the internal shift charge.
- d) Shift or reposition external overhead wires to same building (up to a maximum of 90 minutes work on multiple shifts). External wiring is wiring from the distribution point to the protection box (or where one would be fitted) at the End User's premises. Requests to shift an exchange line to a different building on a customer's premises attracts normal connection charges.
- e) Conversion of hard-wired/master socket to linebox and regularisation of master socket.
- f) Should an engineer visit a customer's premises at a time pre-arranged with the customer and is unable to carry out work because the customer is either unready or absent then a missed appointment charge will apply.

Business Line Rental Price List

Digital Line Rental (ISDN 2: includes digital standard, digital system)

Product	The Phone Co-op
Monthly rental per line (2 channels)	£27.90
New Installation per line (2channels)	£249.00
Transfer fee	Free
Convert and transfer from PSTN	£245.00
Convert from PSTN	£226.70
Connection charge per DDI number range	£90.00
PLUS Connection charge per DDI number	£0.90/ddi
DDI monthly rental	£0.33/ddi
MSN install	£15.00
MSN rental	£0.90/msn
Convert and transfer from DASS	£74.00
Convert and transfer Standard to System	£26.50
Convert Standard to System	£13.29
Renumber per number	£10.50
Reconfiguration charge MSN (per MSN group)	£15.00
Reconfiguration charge per channel	£10.86

MSN: Multiple Subscriber Numbering. An optional feature of ISDN2(Standard) lines allowing up to 10 telephone numbers to be assigned to a single line so that devices connected to that line can be called individually. Can be used to produce a limited version of DDI.

DDI: Direct Dialling In. A feature of ISDN2(System) and ISDN30 lines. Typically used to provide direct dial numbers for extension users, fax machines, departments or groups of extensions. A business may have 10 lines and 100 telephone numbers. The dialled number is passed to the telephone system that routes the call to the intended recipient. As a result fewer lines need to be rented overall to provide the same level of service. A Digital System may have a Single Number DDI for which all DDI charges will still apply.

Re-configuration applies where the digital line configuration changes, for example, a single Digital system consisting of 8 channels may split into a combination of two or more Digital systems of minimum 2 channels each at the same address.

Digital Line Rental (ISDN30)

Product	The Phone Co-op
Monthly rental per channel	£13.67
New Installation (inclusive of 1st 8 channels)	£1000.00
Installation per channel (9 upwards)	£40.00
Transfer fee	Free
Install DDI (per DDI)	£0.90
Monthly DDI rental (per DDI)	£0.33
Connection charge per DDI Installation	£90.00
Site Assurance	£3.10
Reconfiguration 0-15 Channels	£60.00
Reconfiguration 16-30 Channels	£120.00
Reconfiguration 31-60 Channels	£180.00
Reconfiguration 61 and over	£240.00

Reconfiguration is used to change the attributes of channels already installed. This applies to changes to telephone numbers or DDI ranges associated with a channel or changing from non DDI to DDI or visa versa. This does not apply to the initial provision of a DDI range or where the configuration of the DDI range is being changed, where the DDI planning charge will apply instead.

Business Line Rental Price List

Analogue Calling Features

Available to PSTN and digital lines on the analogue ports

Name	Function	Price (ex VAT)
Withhold*	Withhold number per call	Free
1571	Messaging service	Free

Caller Redirect is available following cessation or renumbering when the number is not being used as part of a new installation and provides an announcement informing callers of your new number.

Business Line Rental Price List

Fault Repair Service

The Phone Co-op will provide a fault repair service. We will provide advice by telephone including, where appropriate, tests and checks to be carried out and, where possible, carry out diagnostic checks from our premises. If this does not diagnose or clear the fault we will arrange for an engineer to visit the customer premises. Your calls can be diverted during the period that you cannot use your line. If the fault lies with the line then this service is free of charge.

The **Care Levels** of service and prices are:

Standard - Operates during working hours 0900-1700 hours Monday to Friday excluding Public and Bank Holidays. We aim to clear a fault report received before the end of the second working day from when the fault is reported. Where a fault is reported outside normal working hours, the fault will be treated as if it has been reported at the beginning of the next working day. Work will be carried out during working hours.

Standard Plus – Operates during the period 0900-1700 hours Monday to Friday, 0900-1500 Saturdays, excluding Public and Bank Holidays. Where the fault is reported outside normal working hours, the fault will be treated as if it has been reported at the beginning of the next working day. We aim to clear the fault by the end of the next working day from when the fault was reported. If the fault is not cleared during this period; we will advise of the progress being made to clear the fault. This service is the standard service for ISDN30 lines.

High Care - Operates 24 hours per day, 7 days per week including Bank and Public Holidays. We will aim to clear the fault within 12 hours of receipt of a fault report. If the fault is not cleared during this period we will be able to advise the progress being made to clear the fault. Note High Care can only be ordered for all channels on an ISDN30 line and cannot be ordered for a subset of the channels.

Level (per month)	The Phone Co-op (£)
Standard	Free
Standard Plus (Analogue lines only) per month	Free
ISDN30 (Standard Plus service) per month/channel	Free
High Care per month per line (Analogue and ISDN2)	£6.00
High Care per channel on ISDN 30 lines	£3.00
Call-out charge (if fault not with the line) including 1 st hour	£110.00
Call-out charge per hour (or part)	£55.00
Call-out charge per hour (or part) ISDN 30 lines	£90.00
Temporary Call Divert (if fault is not with the line)	£10.00
Missed appointment	£90.00

Engineer Visits and Charges

Call-out charges are raised to cover time spent by the engineer repairing faults where this work is not covered by Line Rental, and for providing or rearranging services, customer-owned wiring or equipment where standard Openreach charges are not available. Items of small stores will be charged separately, utilising the standard stores where appropriate. Non-standard items will be charged on a per occasion basis.

Charges for new lines usually include an engineer's visit to a customer's premises.

Call-out charges will not apply if the customer cancels the appointment before the engineer has arrived at the premises. However should an engineer visit a customer's premises at a time pre-arranged with the customer and is unable to carry out work because the customer is either unready or absent then a call-out charge will apply as indicated in the Fault Repair Service price list above.

Business Line Rental Price List

Particular situations where call-out charges apply are where:

- no fault is found, or
- the fault is found to be on non-Phone Co-op equipment, or
- is due to damage caused within the customers' premises, or
- due to theft, loss or removal of equipment, or faults caused by external or environmental factors (e.g. lightning, electrical surges or floods, but not the Phone Co-op network).

Where a customer requires extra engineering work as part of an installation such as extension wiring then engineers hourly costs apply at £55 per hour (or part).

Standard store items

Item	Cost
Internal pack	£12.65
External pack	£15.76
Block Terminal 92A (for Redcare use)	£1.43

Work carried outside of normal working hours

The minimum charge period for repair work out of hours is 1 hour. The minimum charge period for provision or rearrangement work out of hours is 3 hours. This can only be used in conjunction with a provide or change request involving normal list prices and is in addition to these charges.

Timescale charges will not apply if the customer cancels the appointment before the engineer has arrived at the premises. Once the engineer has arrived at the premises, the visit charge only will apply if the work is cancelled or postponed by the customer, or if the appointment is not kept by the customer.

All out of hours times except Sundays and Public/Bank Holidays	Cost
Call-out charge including first hour	£135.00
Call-out charge per hour (or part) thereafter	£90.00
Call-out charge ISDN 30 lines including first hour	£135.00

Sundays and Public/Bank Holidays	
Call-out charge including first hour	£155.00
Call-out charge per hour (or part)	£105.00
Call-out charge ISDN 30 lines including first hour	£155.00
Call-out charge per hour (or part) ISDN 30 lines	£155.00

Supplementary charged to carry out provision work outside of normal hours in conjunction with a provide or change request. Minimum charge period 3 hours.

All out of hours times except Sundays and Public/Bank Holidays	Cost
Per visit	£30.00
Per hour (or part)	£30.00
Sundays and Public/Bank Holidays	
Visit charge	£50.00
Per hour (or part)	£45.00

Business Line Rental Price List

Phone Directory

BT will provide one entry of the type below, and additional directory entries are charged extra.

O – ordinary

DQR – directory enquiries only

XDNC – ex-directory no calls

All Business End Users are entitled to one ordinary type BT directory entry, either business or residential, as part of line rental. A business entry also includes a three word business description. Requirements for Bold/Superbold type and additional entries are chargeable.

All customers receive one directory entry in ordinary type as part of their BT line rental.

Customers paying business line rental tariff may also include a 3 word business description in their entry.

Feature (per line)	Phone Co-op pm ex vat
Extra entry in ordinary type	£2.29
Additional word in ordinary type	£0.68 per word
Main entry in Bold	£3.66
Additional word in Bold	£1.38 per word
Main entry "Super Bold"	£10.40

Business Line Rental Price List

Calling Features per use

The following calling features are available and charged per activation.

Feature	Phone Co-op per activation (pence)
Ring Back	6.25
3 way calling	6.25
Reminder call	6.25

Operator call connection and assisted calls

Except for calls from payphones, the 100 operator will connect a call on request from a customer.

Customers that require special assistance may use the 198 Special Assistance Operator to connect calls to many destinations. There is no charge for making a call to the Special Assistance Operator. The Operator service and call charges apply when the services are requested.

100 and 198 services are not available on LLU (i.e. Customers on the 40GB Packages).

Customers calling the 100 operator from payphones will receive assistance from the operator, but will not be offered onward connection (this does not apply to the 198 Operator).

Operator charges are charged at standard BT rates and are published on the BT website at www.bt.com/pricing/.

Special Assistance Directory Enquiries

Customers can register to use the Blind & Disabled Services by ringing 195. It is a free service. Customers who wish to apply for this service should contact the Free Directory Enquiry Registration Team on the free Helpline number 0800 587 0195 (open Mon - Fri (09:00 - 17:00)).

Once registered, you will be able to use the service by dialing and furnishing the Operator with your pin number.

Reverse Charge Calls

A Reverse Charge call is paid for by the person receiving the call rather than the one making it. They can be made from ordinary or payphone lines in the United Kingdom, the Isle of Man, the Channel Islands and the Republic of Ireland.

They cannot be made to mobile, pager, Freefone, number translation service numbers (such as 0800, 0845 and 0870), or payphone numbers.

A reverse charge call can be made by dialling 100 or 0800 REVERSE (0800 7383773).

Reverse call charges are charged standard BT rates and are published on the BT website at www.bt.com/pricing/.

LLU lines do not support the 194 reverse call service.

Business Line Rental Price List

Text messaging

Available to customers using telephones with the ability to send and receive text messages. The fees appear on the line rental charges section of your bill.

Message	Per activation (pence)
Fixed line to mobile/another fixed line	6.75

Text Direct

TextDirect is the service that allows people using textphones to make calls to someone using a standard voice phone. An operator helps translate the call between the text and voice users. The customer is charged for the call and it costs no more than a normal phone call. There are no additional charges incurred against the TextDirect conveyancing or the Relay Operator. The fees appear on the line rental charges on your bill.

Cancellations

You may cancel your order for the Line Rental Service at any time up to 7 days prior to the transfer date.

You may end your Contract for the Line Rental Service after it has been provided. We require 30 days notice. If you give us notice that ends during the Minimum Period (12 months) you will not receive any refund on your advance payments and will be charged rental up to the end of the minimum period.

Provision and Rearrangement work

Time related charges apply where a customer requests work to be carried out on site involving the provision or rearrangement of equipment, wiring, network or services.

Where a customer requires extra engineering work as part of an installation such as extension wiring then engineers hourly costs apply at £55 per hour (or part) excluding VAT. If the work is a separate appointment then there is also a visit charge of £90 excluding VAT.

Out of hours work to install or rearrange network. Minimum period 3 hours.

All out of hours times except Sundays and Public/Bank Holidays	The Phone Co-op
Per visit	£115.00
Per hour (or part)	£90.00
Sundays and Public/Bank Holidays	
Call-out charge	£135.00
Call-out charge per hour (or part)	£105.00

Out of hours work to carry out provision work outside normal working hours, where provision during normal hours is included within the normal price (e.g. line connection charges). This can only be used in conjunction with a provide or change request involving normal list prices and is in addition to these charges. Minimum period 3 hours.

All of hours times except Sundays and Public/Bank Holidays	The Phone Co-op
Per visit	£30.00
Per hour (or part)	£35.00
Sundays and Public/Bank Holidays	
Visit charge	£50.00
Per hour (or part)	£50.00
