### 1.3 ADDITIONAL SERVICE PRICING

#### 1.3.1 NON-GEOGRAPHIC ADD-ONS – O2 & VODAFONE ONLY

Compatible with 084/087/0500 prefixes only, minutes cover both the access and service charges of each call.

UK Non-Geo minutes <sup>3</sup>	Rate per month
100 Non-Geo Minutes	£4.50
300 Non-Geo Minutes	£7.50

#### 1.3.2 INTERNATIONAL CALLER – O2 & VODAFONE ONLY

With our international caller add on you can greatly lower your rates to ring international destinations from the UK.

Add-on	Rate (per user, pm)
International caller	£4.17

With this add-on you can benefit from the reduced tariff shown in the comparison below. Should you not wish to add this service then your calls will be charged as per the standard rate found later in this document.

International calls (calls made from the UK to destinations outside the UK)	Rate (ppm or ppSMS)	Rate (ppm or ppSMS) with International Caller
Europe	83.3p	3p
North USA/Canada	180p	3p
Rest of the World	180p	16p
International SMS	60p	3p

### 1.3.3 INTERNATIONAL MINUTE ADD-ONS – O2 & VODAFONE ONLY

Bundled minutes which can be used from when calling from within the UK to international destinations. These allowances cannot be utilised if the call is made from outside of the UK including any EU locations.

Minute Add-on <sup>4</sup>	Rate per month

500 UK to Rest of World minutes	£114.00
1,000 UK to Rest of World minutes	£223.00

## 2 SHARED DATA – O2 & VODAFONE ONLY

Shared data is a single pool of usage which you can assign multiple numbers too. So rather than having a set data bundle for each individual number you can all shared from a single, account level allowance which is ideal for organisations with more flexible and unpredictable usage patterns.

### 2.1 SHARER USERS

Each shared bundle requires either a voice bundle per person (if using the shared data with voice tariffs) or a Data sharer connection if using this just for Mobile Broadband.

Sharer Users	Rate per month
Voice User (Unlimited minutes & Texts <sup>1</sup> )	£8.50
Data User (No minutes or texts included)	£4.00

### 2.2 SHARED DATA BUNDLES

Shared Data Allowance <sup>4</sup>	Rate per month
25GB 4G	£75.00
50GB 4G	£140.00

250GB 4G	£650.00
500GB 4G	£1,280.00
1TB 4G	£2,450.00

### 3 **MOBILE BROADBAND**

Data only services (no voice services included) to be used for accessing 4G internet services

**Please note:** Some allowances are specific to network

Data Allowance <sup>4</sup>	Rate per month
2GB 4G	£10.00
5GB 4G	£17.50
10GB 4G	£25.00
30GB 4G	£35.00
50GB 4G (O2 & Vodafone only)	£45.00
100GB 4G (O2 & Vodafone only)	£60.00

### 4 **ROAMING SERVICES**

#### 4.1 **ROAM LIKE AT HOME**

Due to a new legislation brought into action from the 15th June 2017 it is required that regulated EU roaming be charged at the same rates as standard UK services. This is applicable to all minute, text and data and now means the following destinations are included as part of your standard bundle.

#### **Destinations included - Phone Co-op (EE)**

Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Monaco, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden.

#### **Destinations included - O2 & Vodafone**

500MB Rest of World roaming data*	£160.00
1GB Rest of World roaming data*	£285.00

\*Compatible for use when roaming in ROW Zones 1, 2 & 3 (excludes ROW Zone 4), All add-ons will apply secondary to daily roaming services such as World Traveller (see World Traveller), if you wish to use these with world traveller please contact us to discuss options.

### 4.3 WORLD TRAVELLER – O2 & VODAFONE ONLY

This service can be applied at no additional cost and allows you to use your inclusive allowance anywhere in several international destinations for a single daily charge

The daily roaming rate is currently applicable against ALL noted event types including received SMS. Any usage will be debited from your UK bundled allowance and if you make a call outside of your current country this will be chargeable at standard roaming out of zone rates. If you exceed your UK allowance you will also be liable to standard roaming pence per minute/MB rates.

Add-on	Rate (per daily instance)

#### 7 **SERVICE NOTES:**

1. Usage outside of this will be chargeable as per standard tariff rates, call centre or any artificially inflated traffic is not permitted on this service and may lead to your service being terminated and full cancellation and usage fees being applied. In addition, whilst roaming outside of the UK on unlimited data plans, and within standard inclusive or daily roaming destinations, usage is capped at 25GB per month and roaming restrictions may be applied.

If you use your service in destinations outside the UK that qualify for inclusive access to standard bundles (this includes those countries that qualify for daily roaming services such as World Travel Select and/or legislation such as Roam Like At Home), for more than 50% of the time in any four-month rolling period, you can expect to receive a communication requesting a moderation of roaming services.

If usage continues to exceed 50%, as described above, over the two-week period following the first notification, we reserve the right to either charge for this excessive usage or bar roaming services. You will be notified before any action is taken.

2. In the case of taking several packages with different allowances the cumulative number of connections will determine the overall prices.

E.g. If you were to take 3 Unlimited 3GB packages and 10 Unlimited 5 GB packages all connections would receive their respective 6-20 user rates

3. Compatible with 084/087/0500 prefixes only, minutes cover both the access and service charges of each call.
4. When we quote a price for any bolt-on, that package is based on the bolt-on being applied during the whole billing period of any given month. However, if you apply a bolt-on part way through a month you will only receive part of the allowance (as you will only be billed part of the cost – see example – first Invoice after tariff/bolt-on amend for full cost explanation). If you apply a 100-minute international bolt-on against a subscription on the 15th of the month and your bill date falls on the 1st, you will only ever receive half of the international allowance (approx. 50 minutes) for the remainder of that month.
5. Minimum charge period is 60 seconds
6. Price displayed is only a part cost of the call known as an Access Charge, there is also a provider's Service Charge which is variable dependent on the service.
7. Freephone numbers may still be charged when dialling from outside of Europe
8. Minimum charge of 60 seconds applied on all calls and a standard ppm rate thereafter
9. Subject to data fair usage policy. Where users regularly tether to 12 or more devices or have used 650GB of data twice within a 6-month period then we may investigate to ascertain whether your unlimited data usage is in line with standard use and our Artificially Inflated Traffic (AIT) policy. In the event it is determined that usage is for non-standard purposes then we reserve the right to adjust the plan or to terminate the agreement.

#### **7.1 FAULT REPAIR**

You can contact our business services team regarding any faults, amendments or account related issues between the hours of 09:30 – 17:50 Monday to Friday excluding Bank Holidays and Public Holidays. We will provide advice by telephone including, where appropriate, tests and checks to be carried out and, where possible, carry out diagnostic checks from our premises. If this does not diagnose or clear the problem, we will escalate this where appropriate our suppliers.

#### **7.2 LOST OR STOLEN SIM'S**

If you lose your phone or someone steals it, call us and we'll bar it from being able to make any calls. To report a stolen phone to us, please call customer services on 01608 434 070 (24 hours a day, 7 days a week)

#### **7.3 CANCELLATIONS**

All cancellations must be received in writing and are subject to a 30-day notice period. Cancellations can be set via email to [businessservices@thephone.coop](mailto:businessservices@thephone.coop) from any authorized account contact. All early terminations are subject to repayment of any remaining recurring costs. If you end this agreement because we fundamentally fail to deliver, then in these situations you do not have to pay all charges due until the end of the minimum period, but you may have to make a payment in respect of your mobile equipment. In this case, the payment will be the original value of the mobile equipment divided by the minimum period months, less any initial payment you make towards it, multiplied by the number of months remaining until the end of your minimum period. You will make this payment to us immediately on request following the agreement coming to an end.

##### **7.3.1 EQUIPMENT**

All early terminations are subject to repayment of any remaining recurring costs. In this case, the payment will be the monthly rental value of the equipment multiplied by the number of months remaining until the end of your minimum period. You will make this payment to us immediately on request following the agreement coming to an end.

Any equipment added at any point after the initial contact period begins will be subject to their individual associated minimum period unless otherwise agreed. At the end of any agreed minimum period the customer will then own this equipment.

#### **7.4 MOBILE BILL LIMITS**

From October 1st, 2018, all new customers can set a bill limit when signing up to a new contract. Existing customers can add a limit if they switch to one of our new bundles. Customers can set a spending limit for calls that are not included in their bundle (such as international calls), and they won't be charged more than that. Other bill charges still apply (if you have broadband and line rental, or a paper bill charge, for example) and not all mobile calls will be included in the limit. For instance, the "service charge" of calls to 084, 087, 09 and 118 calls are outside the limit, and you will always be charged for this. If you use your mobile to pay for services (eg MPAY) or make donations, these will also be outside of your limit.

#### 7.5 FAIR USAGE

##### 7.5.1 ARTIFICIALLY INFLATED TRAFFIC

Our fair usage flags are based on 10,000 UK minutes, 10,000 UK Mobile Minutes and 10,000 UK Texts per month. Artificially Inflated Traffic is proactively monitored for any anomalies such as unusually large amounts of traffic delivered from a single location to a single mast in a short period of time. The Phone Co-op does not allow SIMs to be used in any equipment which enables the routing of calls or data (including without limitation, text or picture messages) from fixed apparatus or standard devices to mobile equipment, by establishing a mobile to mobile call or transmission. Nor does it allow the use of any equipment which enables the sending of bulk SMS, voice or data services. The Phone Co-op reserves the right to suspend without notice should we believe that such equipment is being used. During suspension the liability for any access charges or calls will rest with the Customer. Breach of these policies may result in excess charges being applied as per the standard out of bundle pricing.

Other flags include but are not limited to:

- Dialling more than 99 unique numbers within a 30-day period
- Texting more than 99 unique numbers within a 30-day period
- Sending more than 3000 texts within a 30-day period
- Making calls predominantly to 087 or 084 numbers, international calling cards, or call cashback services

##### 7.5.2 INCLUSIVE ROAMING (ROAM LIKE AT HOME)

Inclusive roaming services on our mobile tariffs have been built for business users who travel periodically, and not those who roam across foreign networks on a semi-permanent or permanent basis. If a customer uses their mobile in destinations outside the UK that qualify for inclusive access to standard bundles (this includes those countries that qualify for daily roaming services such as World Traveller and/or legislation such as Roam Like At Home), for more than 50% of the time in any four-month rolling period, they can expect to receive a communication requesting a moderation of roaming services. If a customer's usage continues to exceed 50% as described above over the two-week period following the first notification, we reserve the right to either charge customers for this excessive usage or bar roaming services. Customers will be notified before any action is taken.
