

iPhone/iPad – Email setup guide

If any of any of the following is unclear or does not work, please call our technical support team on 01608 434 000.

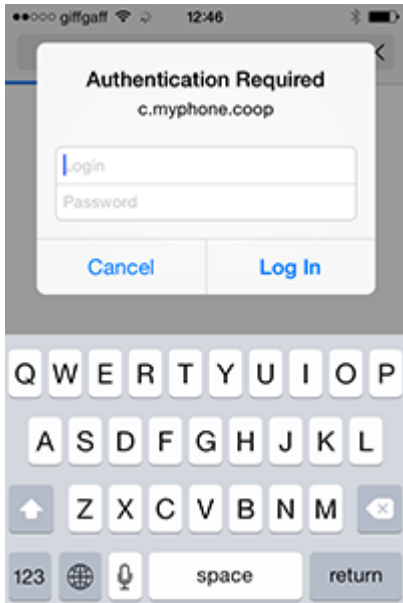

1. Open the 'Safari' App, or your usual web browser app.

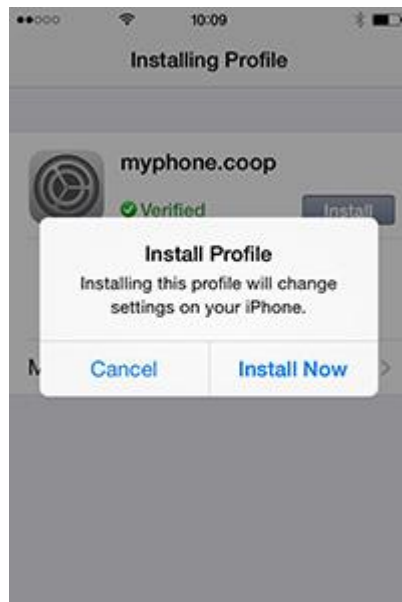

2. Type the following into the address bar and tap Go: c.myphone.coop

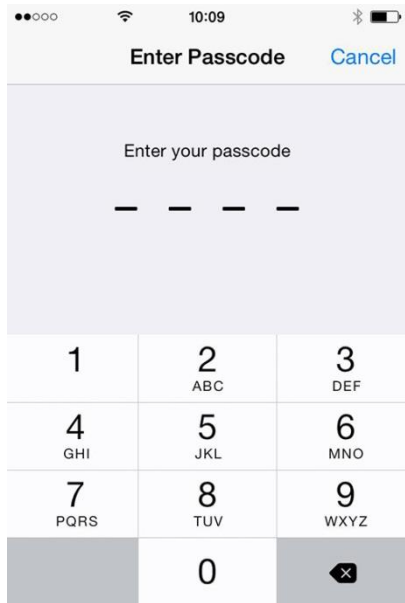

3. Fill in your user name and password. Your username is usually the same as your email address.

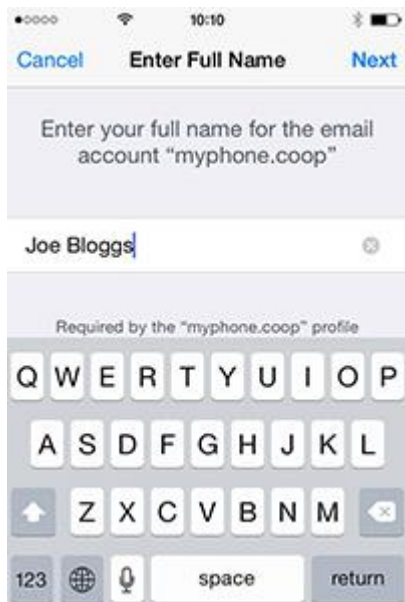

4. Tap 'Install' and then 'Install Now' to confirm.

5. Enter your personal Passcode for the device, if you have one:

6. Enter your name as you wish it to appear to recipients of your emails, then tap 'Next'.

7. Tap 'Done' and your profile is installed and your email account will be created.

8. Now press your Home button and go to the Mail App to start using your account.

9. If you decide to remove your email account, you need to go to 'Settings>General>Profile' and tap 'Remove' on the myphone.coop profile.
